Space Dynamics Laboratory Careers for Veterans

The Space Dynamics Laboratory (SDL) enthusiastically welcomes veteran and reserve applicants. Join a team that values your military service, provides flexibility if you are deployed, and takes special pride in supporting national defense through our work.

SDL has been recognized as a partner for DoD SkillBridge, a program designed to connect transitioning military servicemembers with careers at SDL.

WHAT TO DO

- Apply for any available SDL job
- If applicable, indicate you are a DoD SkillBridge candidate
- Include your available start date (apply up to three months prior to your eligibility date)

WHAT YOU BRING

- Applicable abilities, skills & experience
- An established understanding of SDL's Government customers
- An active security clearance to begin sensitive work immediately
- A valuable contribution to SDL's veteran culture (many of our staff are current or former military servicemembers)

WHAT YOU RECEIVE

- Work with a trusted Government partner on programs of national importance
- Contribute to work that directly supports the warfighter
- Enjoy competitive pay, impressive benefits & a family-oriented company culture
- Work at one of our nationwide locations, including those close to defense hubs

SDL is compliant with the requirements of the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

EMPLOYER SUPPORT OF THE GUARD & RESERVES

SDL is a proud partner of the Employer Support of the Guard and Reserves (ESGR), a Department of Defense office established to resolve military commitment conflicts between reserve component servicemembers and civilian employers. As SDL performs work that directly benefits national defense and the warfighter, we support individuals who fall in the ranks of both warfighter and employee. SDL is pleased to offer our reservist employees a supportive work environment that includes paid military leave and flexible work schedules.
